

# Penguin Shotgun Baseball

## Intent:

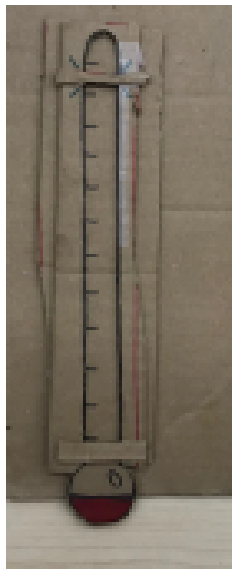

The intent of Penguin Shotgun Baseball (PSB) is to make a 1 button game inspired by games like "Toss The Turtle" and "Penguin Slider". Using only 1 button, the player must hit penguins as far as they can, navigate menus, and win the world series.

## Target Audience:

The target audience for PSB is people who are a fan of minimalist game design and who have most likely played "Toss The Turtle".
