

# Color Collide!

A color based game for K-2nd graders

## Gameplay:

### Phase 1

In Color Collide, players will be assigned a color to replicate, and they will use a color wheel to pick out the colors that can be combined to make the assigned color.

### Phase 2

After the player has collected enough colors they will be given an uncolored image and asked to fit as many of their colors into it as they can.
